BRAND IDENTITY & VISUAL SYSTEM GUIDELINES — V1.0

SecondShelf

STATUS: PROPOSED SYSTEM / PILOT READY

OFFICIAL TAGLINE

Sell it before it expires.

A visual identity system for turning at-risk inventory into business value and documented outcomes across food supply chains.

CORE SYSTEM PHILOSOPHY

"Second chances, properly accounted for."

Balancing commercial rigour, human-centric African market relevance, and rigorous outcome traceability.

BRAND FOUNDATIONS

Second Chances, Properly Accounted For

Food distributors across major hubs like Mushin and Idumota invest significant working capital in packaged inventory. When products approach expiry without fast-moving sales, businesses face severe fire-sale losses or costly dumpsite disposal.

SecondShelf provides a digital marketplace and business network that gives this inventory a second opportunity. It enables distributors to flag stock early, match with commercial buyers at fair markdown prices, or coordinate timely food recovery—all backed by batch-level transaction records.

THE BRAND BALANCE

We are not a charity, an organic grocery shop, or a generic fintech app. We are a commercial technology platform built for real-world trade and accountable outcomes.

DIMENSION 01 — COMMERCE

Capital Recovery & Liquidity

Turning at-risk stock into working capital before it becomes a total loss.

DIMENSION 02 — HUMANITY

Market Network & Trust

Connecting traders, retailers, canteens, and food recovery partners in one ecosystem.

DIMENSION 03 — IMPACT

Traceability & Verification

Documenting exact quantities, handovers, and environmental assessment statuses.

STRATEGIC POSITIONING

Brand Architecture & Guardrails

BRAND PURPOSE

To eliminate avoidable food waste and capital loss in commercial supply chains through timely matching and verified records.

BRAND VISION

To build Africa's most trusted food-smart trade network, where every item of food reaches its highest value and best purpose.

BRAND PROMISE

Transparent matching, reliable handover coordination, and verifiable batch outcome tracking for every user.

WHAT SECONDSHELF IS

- A commercial B2B food trade and recovery platform.
- A smart inventory visibility tool with expiry threshold alerts.
- A structured transaction ledger (Business Passport).
- An evidence-backed food recovery coordination tool.
- A platform exploring future carbon offset methodology alignment (VM0046).

WHAT SECONDSHELF IS NOT

- NOT a vendor for expired food (Strict Rule: Zero post-expiry listings).
- NOT a guaranteed bank lender or credit rating agency.
- NOT an automatically certified carbon credit issuer.
- NOT a charitable NGO relying on donations.
- NOT a direct-to-consumer grocery delivery app.

ECOSYSTEM DYNAMICS

Multi-Stakeholder Communication Model

PRIMARY SELLER

Food Distributors

Wholesalers in Mushin & Idumota facing inventory expiry pressure.

KEY VALUE: Capital recovery & space clear-out.

PRIMARY BUYER

Commercial Buyers

Retailers, canteens, caterers, small shops seeking discounted stock.

KEY VALUE: Margin improvement & supply access.

RECOVERY PARTNER

Food Banks & Charities

Verified recipients for unsold, wholesome food before expiration.

KEY VALUE: Reliable, safe food donation supply.

INSTITUTIONAL

Banks & Auditors

Access Bank (payments/lending review) and climate verification bodies.

KEY VALUE: Immutable audit trails & data integrity.

ONE BRAND IDENTITY — TAILORED MESSAGING VOICE

While communicating with distributors focuses on *speed and capital recovery*, buyer messaging highlights *verifiable quality and price advantage*. Institutional communications emphasize *compliance, data auditability, and structural separation of commercial vs environmental metrics*.

CONCEPT EXPLORATION

Three Geometric Identity Directions

SecondShelf

RECOMMENDED

Direction A — The Shelfmark

Combines a structured 3D shelf container with an upward movement leaf/arrow in negative space. Represents shelf storage, value uplift, and renewal.

SecondShelf

ALTERNATIVE CONCEPT

Direction B — The Exchange

Modular directional arrows expressing trade flow between distributor and buyer. Strong tech feel, but lacks distinct food shelf association.

SecondShelf

ALTERNATIVE CONCEPT

Direction C — The Second S

Monogram 'S' constructed from two interlocking curves symbolizing inventory transition. Elegant, but less impactful as a small app icon.

SELECTION RATIONALE FOR DIRECTION A (THE SHELFMARK)

Direction A selected for its immediate visual association with physical inventory shelves, its robust scalability down to a 16px favicon, and its balanced fusion of commercial solid structure (Forest Green block) with energetic renewal (Fresh Green dynamic curve & Orange accent).

LOGO GUIDELINES

Primary Lockups & Construction Rules

PRIMARY HORIZONTAL LOCKUP

Use for primary navigation, website header, and printed collateral.

DARK BACKGROUND LOCKUP

High-contrast inversion for dark containers and footers.

CLEAR SPACE

Maintain minimum clear space equal to 'X' (height of the 'S' monogram) around all sides of the mark.

MINIMUM SIZE

Digital screen width: 110px horizontal, 24px icon-only. Print width: 25mm horizontal.

APP ICON / FAVICON

Symbol-only isolated inside rounded square (`#0B3E2E` background) for browser tab & mobile app touch points.

COLOR ARCHITECTURE

Functional Palette & Contrast Hierarchy

Forest Green
#0B3E2E
Primary Brand / Headers

Fresh Green
#22C55E
Renewal / Action Accents

Impact Orange
#F97316
Urgency / Expiry Radar

Clean Cream
#F8FAF7
Card Surface / Background

Charcoal
#1F2937
Primary Body Text

APPROVED WEIGHT PROPORTIONS

Forest green dominates for commercial grounding. Orange is strictly reserved for high-priority expiry alerts and call-to-actions.

ACCESSIBILITY & SEMANTIC STATES

Success / Confirmed | Warning / 6-Wks Alert | Critical / Pending Discard

TYPE SYSTEM

Font Hierarchy & Specimens

HEADINGS & TITLES

Plus Jakarta Sans

Contemporary, confident sans-serif with geometric clarity and friendly openness.

BODY & INTERFACE UI

Inter

Highly legible, screen-calibrated font designed for dense data tables and mobile forms.

DATA / BATCH LABELS

IBM Plex Mono

Used for SKU barcodes, batch IDs, timestamps, and VM0046 calculation figures.

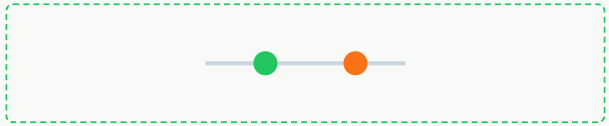

Role	Font Family	Weight	Size / Line Height	Sample Output
Display H1	Plus Jakarta Sans	800 Bold	22pt / 1.15	**Sell it before it expires.**
Section H2	Plus Jakarta Sans	700 Bold	14pt / 1.25	**Inventory Scan & Batch Trace**
Body Normal	Inter	400 Regular	11pt / 1.50	Register stock 6 weeks before expiry date.
Batch Identifier	IBM Plex Mono	500 Medium	9.5pt / 1.20	BATCH-2026-NGA-8849

GRAPHIC SYSTEM

The Working Market Visual Elements

1. Modular Batch Blocks
Containers representing grouped inventory units and state transitions from scan to handover.

2. The Expiry Timeline Rule
Linear timeline graphics highlighting the critical 6-week markdown threshold for action.

3. Proof Verification Seal
Circular verification badge applied exclusively to completed handovers with uploaded photos.

SCAN → SELL → PROVE WORKFLOW GRAPHIC INTEGRATION

All visual marketing assets and web UI components incorporate this three-phase step indicator, maintaining immediate clarity on where an inventory item sits in its recovery cycle.

ICON SYSTEM

Functional Interface & Domain Icons

Barcode / Scan	Expiry Radar	Market Marketplace	Business Passport

ICON CONSTRUCTION RULES

- Stroke weight: Uniform 2.0px on a 24x24px grid.
- Cap & Join: Rounded endings to balance commercial crispness with approachable warmth.
- Color semantics: Primary icons in `#0B3E2E`, Expiry/Alert icons in `#F97316`, Verified/Success icons in `#22C55E`.

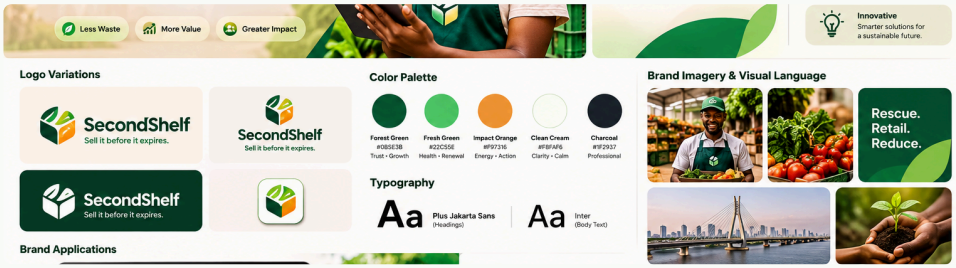

ART DIRECTION

Authentic Lagos Food Market & Enterprise Imagery

Our imagery celebrates the dignity, vitality, and commercial focus of food distributors, wholesale market traders, and retail business owners across hubs like Mushin and Idumota.

PHOTOGRAPHY PRINCIPLES

- **Natural Daylight:** Warm, rich African sunlight without artificial flash.
- **Real Workplaces:** Active market stalls, distribution warehouses, real stock.
- **Tech in Action:** Mobile phones and tablets integrated naturally into daily trade.
- **No Staged Tropes:** Avoid overly polished stock models posing with random vegetables.

Primary Brand Moodboard & Market Context Reference

VERBAL SYSTEM

Tone of Voice & Messaging Matrix

CORRECT BRAND VOICE (DO THIS)

Tagline: "Sell it before it expires."

Hero Headline: "Turn near-expiry stock into working capital for your business."

Alert Message: "100 cartons of Biscuits reach 6-week threshold. List now at 30% markdown."

FORBIDDEN CLAIMS (NEVER SAY)

✕ "We guarantee you will get a bank loan from Access Bank."

✕ "Every batch automatically earns verified carbon credits."

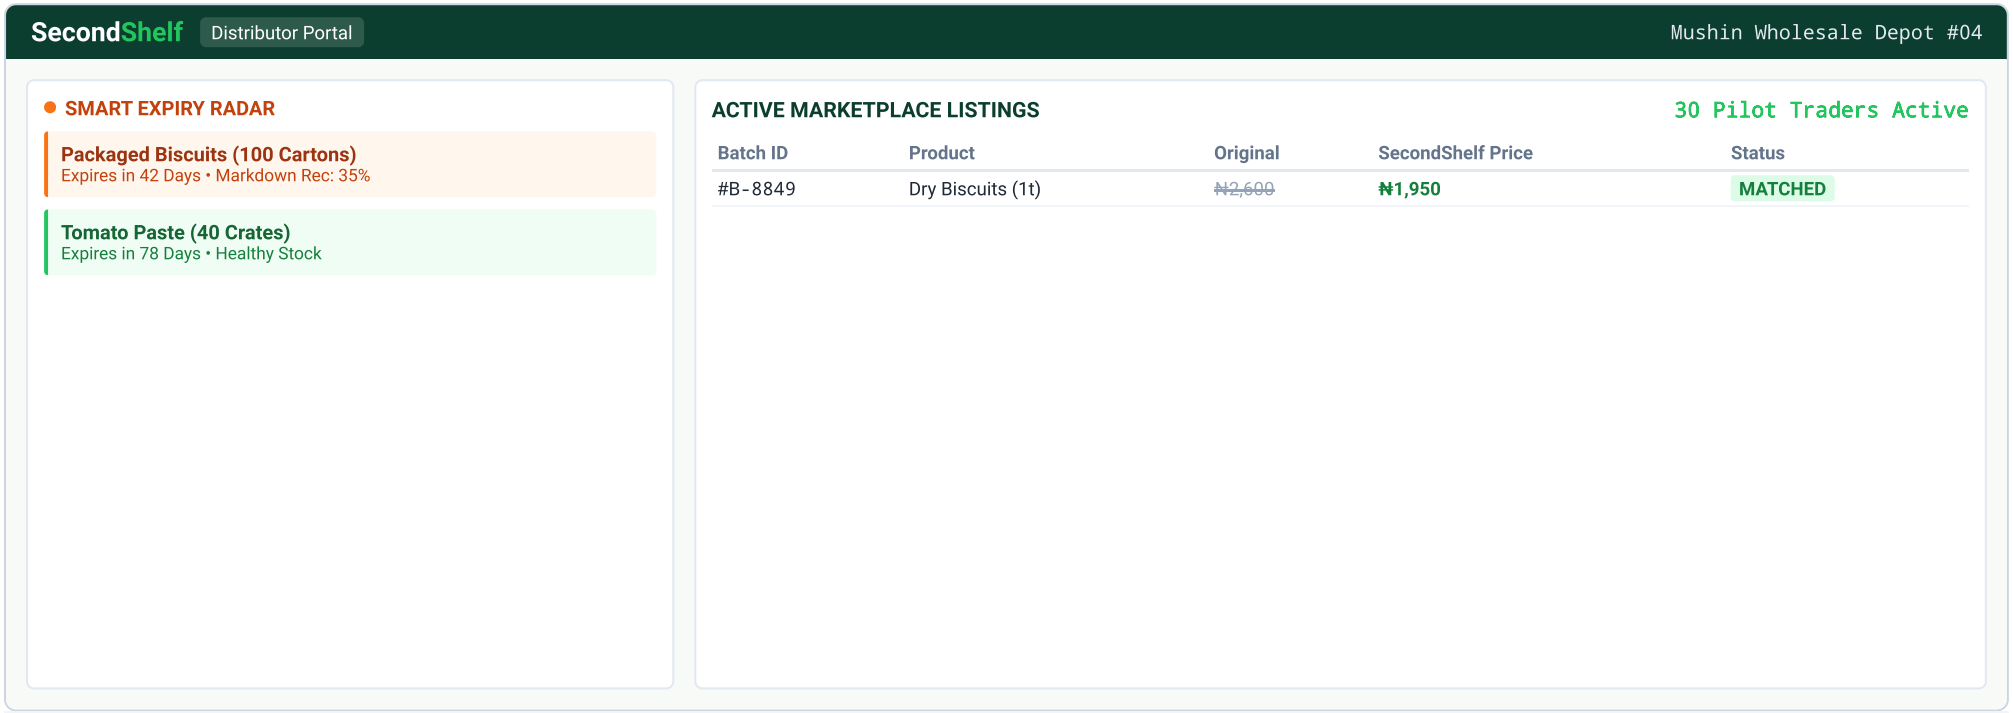

✕ "Sell stock past its printed expiration date."

KEY COPYWRITING PRINCIPLE

Always emphasize **action, speed, and evidence**. Use clear numbers (quantities, dates, percentages) rather than vague adjectives.

DIGITAL APPLICATION

Responsive Web Platform Interface

BRAND TOUCHPOINTS

Physical Market & Corporate Assets

[BRANDED RECOVERY CRATE]

Market Collection Crates
Durable green containers for safe food recovery transport.

VERIFIED AGENT
ID: SS-LAG-092

Agent & Driver Badges
Verified ID cards for handover confirmation teams.

SELL BEFORE EXPIRY

Trade-Show & Market Banners
High-visibility informational signs in Mushin & Idumota.

SOCIAL TEMPLATES

LinkedIn & Digital Content Framework

LINKEDIN / ANNOUNCEMENT

Building a Food-Smart Africa.

Insights on food distribution, inventory liquidity, and supply chain efficiency.

CAROUSEL COVER

How to Avoid Fire-Sale Losses

5 steps for food distributors in Lagos markets.

BUILD IN PUBLIC

Pilot Progress: 30 Distributors

Documenting our trial journey across Mushin & Idumota.

DATA SYSTEM

Dual-Counter Architecture (Commercial vs Climate)

COUNTER 01 — COMMERCIAL PERFORMANCE

+₦105,250 recovered per 100 packs vs fire-sale

Direct capital saved by distributors using early markdown matching 6 weeks prior to expiry.

COUNTER 02 — POTENTIAL CLIMATE ASSESSMENT

~1.9 t CO_2e avoided per dry tonne (VM0046)

STATUS: UNVERIFIED / METHODOLOGY TO INVESTIGATE

REQUIRED AUDIT & EVIDENCE LABELS

Recorded | Pending Handover | Confirmed Handover | Under Review

COMPONENT SPEC

Figma Tokens & Frontend Components

BUTTON STATES

Primary Button

Action Button

Secondary Button

FORM INPUTS

Barcode: 61511000293

Expiry: 12 Dec 2026

CONTAINER RADIUS

Cards: `border-radius: 6px`

Buttons: `border-radius: 4px`

Badges: `border-radius: 3px`

COMPLIANCE

Accessibility Standards & Brand Usage Rules

WCAG 2.1 AA CONTRAST COMPLIANCE

- Forest Green (`#0B3E2E`) on Clean Cream (`#F8FAF7`): **11.4:1 ratio (AAA Pass)**.
- Impact Orange (`#F97316`) text on white is forbidden. Use `#C2410C` for text contrast.
- All button touch targets minimum 44x44px for mobile market users.

INCORRECT BRAND USAGE

- ✕ Do not stretch, rotate, or distort the logo symbol.
- ✕ Do not change the logo colors to unapproved gradients.
- ✕ Do not place the primary logo over busy photographic backgrounds without an overlay.

LAUNCH CAMPAIGN HEADLINE

GOOD STOCK DESERVES ANOTHER CHANCE.

Connect the right businesses. Move food in time. Record what happens.

DEVELOPER HANDOFF

Figma Assets & Technical Export Checklist

EXPORTABLE ASSETS CHECKLIST

- `logo-primary-horizontal.svg` & `.png` (Transparent)
- `logo-dark-horizontal.svg` & `.png` (Transparent)
- `symbol-only-shelfmark.svg` (App icon & favicon ready)
- `icon-set-24px.svg` (All 12 domain icons)
- `figma-tokens-secondshelf.json` (Color & Typography tokens)

FRONTEND TECH STACK IMPLEMENTATION

Build with Tailwind CSS utility classes using defined brand colors (`bg-forest`, `text-fresh`, `border-orange`). Use Inter for interface components and IBM Plex Mono for batch identifiers.

BRAND IDENTITY SYSTEM APPROVED FOR PILOT DEPLOYMENT

Prepared for Product Design, Frontend Engineering, and Partner Presentation Teams.
